## **Attention: VCE Science Coordinators & Teachers**

**2022 was another busy year for Learning Materials.** We're particularly proud of the progress we made enhancing our website - the first of its kind for trial exams - and we have further enhancements planned, including taking our site beyond an ordering facility, honing existing functionality and creating new features, to make your life even easier!

**What do all the top performing schools have in common?** They have all used Learning Materials trial exams and tests to improve their ATAR scores.

**Our VCE writers are currently working on the new (and existing) VCAA curriculums,** and we can't wait to share our brand new questions with you!

**In line with rising costs,** we have been forced to slightly increase our prices, but we have kept the discount for Bundles, to give you the best savings.

**If you're in need of some fresh inspiration** to challenge your students, then head to our website: [Learning Materials](https://www.learningmaterials.com.au), we're sure to have a Bundle to suit your needs.

**Congratulations to Jo H. from Methodist Ladies' College** who was the winner of our 2022 Competition and is enjoying her **iPhone 13**. Jo's school will also receive our **2023 Total Science Bundle** (valued at \$1,800) for free! Don't forget to enter our [2023 Competition](#). Simply head to our website for more information. [T&Cs apply](#).

**Order [online](#) or send in your orders** via email, phone or mail and we will set up your school account, giving you access to a whole range of new functions! More information will be emailed with your order confirmation. Let us do the work for you!

**Website:** [www.learningmaterials.com.au](https://www.learningmaterials.com.au)

**Email:** [orders@learningmaterials.com.au](mailto:orders@learningmaterials.com.au)

**Phone:** 03 9598 4564

**Need some additional help for your Chemistry students?** Our [Chemistry Study Guides](#) will give your students an edge and are designed to be used as a workbook in conjunction with the teacher in class.

**Teachers can order a 'class set'** and receive a *complimentary* teacher's copy. Your students can order their own copy and pay online at a discounted price 'class set' price and delivery to your school is on us!

**Email:** [orders@learningmaterials.com.au](mailto:orders@learningmaterials.com.au) for a quotation.

Stay well, stay safe and we look forward to receiving your order soon (order forms overleaf).
